

The best teacher in the world!

My favourite teacher is Elena L'vovna. She has been teaching us since the first form. Elena L'vovna is very beautiful, kind and fair. She is very clever and tells us interesting and important information at lessons. She also is very active.

My class often goes on excursions, we participate in different competitions. All my classmates love and respect her.

I love my first teacher. Elena L'vovna is the best teacher in the world!
