Introduction

The aim of my project is to tell you about me, my family and my friends, about my studying English and to show my achievements.

Working with my Language Portfolio I have got much interesting and important knowledge in English. I think Portfolio helps me to learn, to express and develop myself, to be confident.

My portrait

Let me introduce myself!

My name is Olga. I am 13. I am tall. My hair is long and fair. My eyes are big and grey. I like to dress in modern style.

I live in Yekaterinburg – the capital of the Urals, one of the biggest and most beautiful cities of Russia. My family is not very big. I have a mother, a father and a sister. My father is a director of the firm. His name is Michael. He loves skiing and hiking. I am very happy with it! My mother is an engineer. Her name is Tatyana. She is clever, kind and caring. She makes sure we all have been okay, helps me to find a way out of difficult situations. I like to help my mother about the house: I clean my room, water the flowers. If I have time, my mother asks me to go to the shop to buy bread, sugar and milk, fruit and vegetables.

We have a country house. There we have a big garden with many trees and flowers in it. There is a lot of work in our garden and I help my parents to do it. I water the plants and flowers, take care of the strawberries. I am sure it is necessary to help my parents.

My sister is 8 years old. Her name is Dasha. Last year she went to the first form. I get along with my sister. We are good friends.

I have many hobbies.

- I like to draw.
- I like to read.
- I like snowboarding and horseback riding.
- I like to take care of my pets.
- I like to learn something new.

- I love music ...

And much more!

I have got many friends. My best friends are Liza ad Diana. We like to spend free time together: we draw, listen to modern music, prepare for concerts, go for a walk. These are my classmates. I can rely on them in any difficult situation. They always help me and thanks to their support, I have twice won the contest "Student

of the Year". I like my friends very much. I think they are true friends. And we are together everywhere.

I like to laugh and to make people laugh. I think I'm a happy girl, because I'm never bored.

I study at the Secondary School 67. I am a pupil of the 7th form. I go to school 6 days a week.

In 2004 our school was repaired and modernized greatly. Nowadays our school has 28 classrooms, equipped with computers, a multimedia. There is a sport

ground, a gymnasium in our school. The number of books at the school library increased greatly. I love my school. It gives good education. I have experienced teachers and good friends. My school gives me the possibility to realize my abilities. I enjoy reading and reciting poems. I get only excellent marks. I take part in all competitions and events too. I have got diplomas for my activities. We organize concerts and parties when we celebrate holidays. The pupils sing songs and dance modern and folk dances and perform plays there.

My language passport

English is one of my favourite subjects. At the English lesson we usually learn new words, read and translate texts, learn poems by heart. Our teacher tells us many interesting facts from the history and culture of England, America, Australia and other English-speaking countries. Recently we have read about beautiful sights of London, its parks and museums, cathedrals and bridges, customs and traditions of Britain.

I have been studying English since the second form. I can read and understand English texts, speak rather well, ask and answer the questions. I like to talk to my friends in English. I can write letters and small stories in English. I think English is very important for my future, so I work very hard and try to do my best to learn it.

PARKS OF LONDON

Hyde Park

is one of the largest parks in central London and one of the Royal Parks of London, famous for its Speaker's Corner

St. James's Park

is the oldest of the Royal Parks of London. It was named after a leper hospital dedicated to St. James the Less.

My Favourite Lesson

English language is very interesting and important. That is why I'd like to know it well.

My favourite school subject is English. Our teacher Yelena Vasilievna shows us beautiful films about the capital of England - London and its interesting places: Big Ben, the Tower of London,

Westminster Abby, the Houses of Parliament. Recently we have seen the film about Madame Tussaud's life-size figures of famous people.

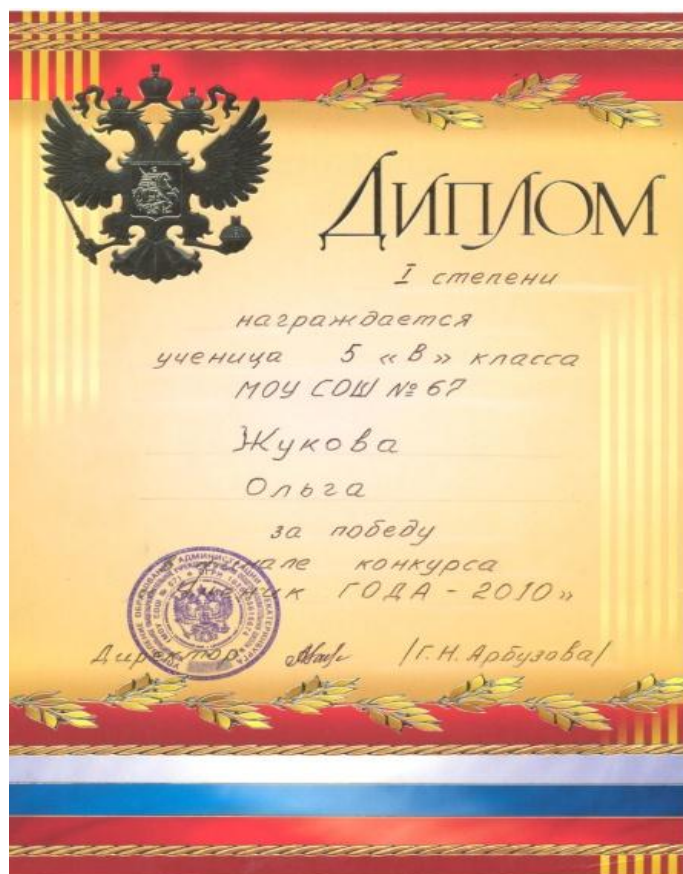

We read, learn poems by heart. At the English lesson we learn how to ask questions and answer them. We make up funny stories and dialogues.

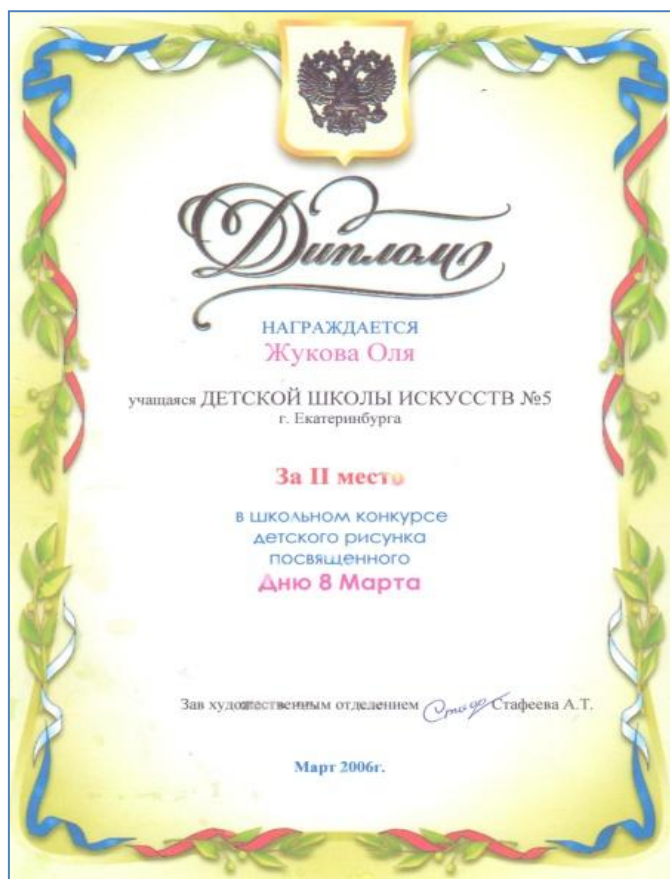

We study fascinating topics and new grammar rules. We translate texts from English into Russian and from Russian into English. Last week we drew the Family Tree and told about our family. We also listen to music and sing English songs.

Now you know why English is my favourite lesson.

My achievements

I like to take part in different olympiads, competitions, contests and often win them. I have diplomas in many subjects: Russian, Literature, English, Maths, etc. I take an active part in the life of my class and school. I'm very happy to study in my school!
